3. I discussed with FSI our desire to have the remaining students in the Indonesian class attain a high intermediate level of speaking competence. [REDACTED] indicated that this level could be attained by extending the program from 19 December (the original ending date) through January 1959. He emphasized, however, that only the period from Christmas to New Years could be given off, if the level was to be attained by the end of January. I agreed to this restriction, and discussed with [REDACTED] both the extension and the restriction. FE has not yet indicated whether their plans for [REDACTED] will allow the extension.
